## **DONATION to the Arizona Bowhunters Association**

**This holder of this certificate is hereby entitled to an overnight striper fishing trip on Lake Mead with licensed fishing guide Captain Don Martin.**

**The trip is good from the period of June 2010 through June 2011, but subject to Captain Martin's availability.**

**The trip is for one or two persons.**

**Anglers will need to have a valid Arizona fishing license, with Nevada stamp and at least one fishing pole per angler. Captain Martin will provide the boat, "secret" bait and terminal tackle. Captain Martin will provide food, soft drinks and water, but due to insurance regulations, no alcohol is allowed to be consumed during the trip.**

**Angler(s) will provide their own transportation to Kingman, and will be picked up there by Captain Martin. Angler(s) can stay at Martin's *El Campo De Pescado* in Meadview as part of the trip package.**

**Angler(s) need to bring several ice chests, as they will be able to take home a lot of fish. Catches of more than 50 stripers a night are not unusual on these kinds of trips.**

**Angler(s) are asked to coordinate with Captain Martin on the dates of the trip. Anglers are asked to be as flexible as possible on dates to assure that the trip is successful. At least two weeks advance notice is requested to arrange the trip.**

**This is a fun filled fishing trip but the weather can be hot at night during the summer on Lake Mead! It is a great opportunity for a husband/wife, father/son, father/daughter or just two friends to go out on beautiful Lake Mead for a sundown cruise and enjoy a night of fishing under the lights.**

**Any questions about the specifics of the trip please contact Captain Don Martin at 928-681-4867 or 928-303-9481.**
